

### hope for chronic inflammation

Your Most Essential Food

### **Targeted Wellness Backed by Nature.**

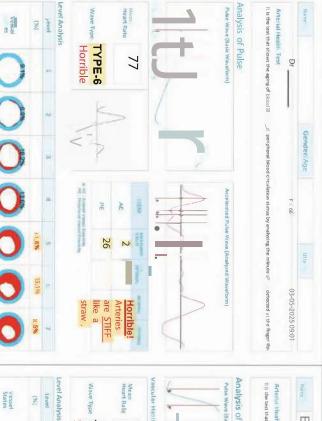

Helps nutritionally compensate for an impaired delta-6 desaturase metabolic pathway (D6D) known to be the cause of inflammation:

- Cardiovascular health supports endothelial function, vascular tone, circulation, and reduce plaque (occlusions)
- Blood pressure support
- Joint & musculoskeletal health mobility and comfort
- Inflammatory pathway support balanced cytokine response
- Skin wellness skin barrier integrity, hydration, & wound healing support
- Metabolic balance supports helping blood sugar levels
- Supports energy and faster recovery/increased performance

Thousands have added EZtrek® to their daily routine and report feeling more energized, balanced, and supported in their wellness journey. Just 1 tsp a day (1/2 tsp morning & 1/2 tsp at bedtime is best) to maximize your health the natural way.
